Daly City Record

Published Thursday DALY CITY, SAN MATEO COUNTY, CALIFORNIA THURSDAY, NOV. 15, 1945 VOL. 41, NO. 41

Consider Change In City Governm't.

Three Candidates Vie for Queenly Honors in Contest

Art Kloth, manager of the Daly City theatre, is pleased to announce that three of Daly City's most attractive and charming young ladies have been urged by their many friends to enter the Victory Loan Drive Queen Contest.

These contestants are the Misses Helen Green, Elsie Cerna, and Muriel Mooney. They will have equal opportunity in the competition for an all-expense trip to Hollywood and a year's contract with a major motion picture studio.

In judging the contest bond sales performance of the candidates will count for 75 per cent in the scoring, while looks, poise, and personality will count for the remaining 25 per cent.

Only girls between 18 and 26 may enter the competition, and no employe of a motion picture theatre, newspaper, or motion picture film exchange will be accepted as a candidate.

Bond purchasers should indicate the candidate of their choice at the time of purchase. Any candidate may enlist the services of her friends and relatives in getting votes for herself in the contest.

No candidate may, during the contest, transfer her accrued votes to another candidate. In all matters pertaining to the choice of queen, the decision of the judges will be final.

Verna Moresco In "Junior Miss" Jr. College Play

Miss Verna Moresco, popular and attractive Colma girl, will appear in a clever character role in "Junior Miss," the comedy that received Broadway plaudits for several seasons, when it is presented by the San Mateo junior college drama department this weekend.

Opening on Friday night, in the college auditorium, a second performance will be given on Saturday, November 17, with an 8:15 curtain scheduled for both nights.

Directing this laugh-provoking comedy is Miss Ada Beveridge, who has chosen her cast and stage crew from the entire county. Tickets will be available at the auditorium box-office both nights.

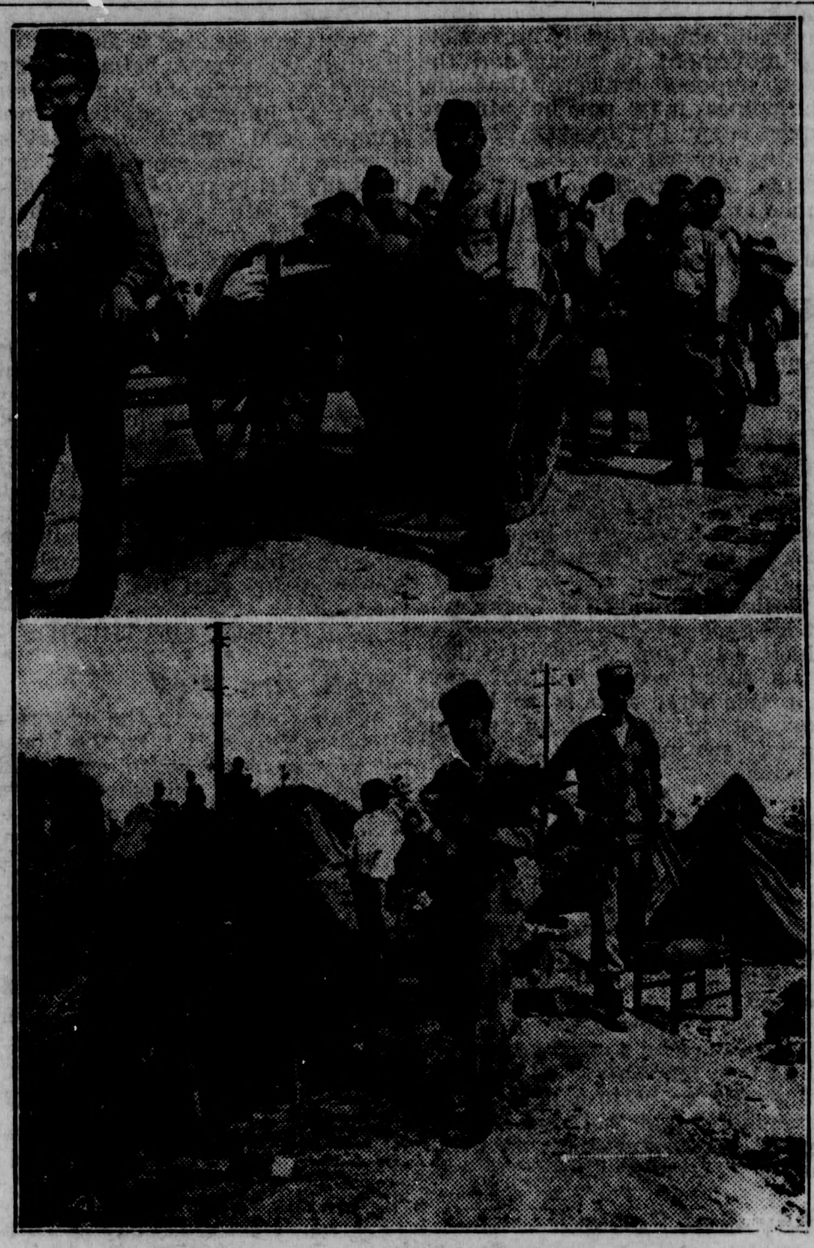
The college was represented at a recent conference held at Mills college for the purpose of planning aid for students in war-torn lands. Student President Bill Miramontes, of Half Moon Bay, headed the San Mateo delegation.

Students at the college held their annual Sadie Hawkins day last Friday with the traditional race, luncheon, and other entertaining features which were followed by an evening dance. Students were elected to represent the famou "Dogpatch" characters. Ray Hackett's orchestra provided the music.

Daly City Shares County Revenue

Daly City's share of fees charged for alcoholic beverage licenses during the first six months of 1945, will amount to $3,509.37, according to a statement made this week by George R. Reilly, member of the State Board of Equalization for the First District.

The total of $2,079,978.97, which will be distributed to cities and counties represents one-half of the fees for the six-month's period, he said. After administrative expenses have been deducted, the remainder of the fee proceeds goes into the state general fund.



Released by U. S. War Department, Bureau of Public Relations

JAPS GIVE UP THE FIGHT IN KOREA—Above, Japanese soldiers use hand-drawn carts to bring in equipment to be surrendered to U. S. Army 7th Infantry Division in southern Korea. The transportation was poor but the men were well clothed and well shod. Below, American soldiers pile up thousands of bayonets taken from Japanese prisoners.

Navy Discharges For Daly City Men

Two Daly City men have recently been discharged, in two widely separated centers, from the U. S. Navy.

August T. Rancatore, Momm2c, of 99 Evergreen avenue, was honorably discharged from the Navy at the Naval Personnel Separation Center in Shoemaker, California, on November 10.

Discharged, on the point system, on November 7, at Naval Separation Center, Bremerton, Washington, was John P. Ambrosio, special artificer (I), second class, of 221 Los Olivos avenue, Daly City.

Coastside Best Capital Location Says F. S. Skillman

Frank S. Skillman, secretary of the San Mateo county planning commission, suggested this week that the coastside would be the best site for the proposed world capitol.

In his opinion, Skillman believes that "it would be foolish" to locate the world capitol in any potential residential section of the county. He pointed out that the world capital area, which will be from 500 to 1000 acres in extent, will be tax free.

Because of this fact, none of the large Hillsborough, Woodside, or Atherton estates would be practical from the county's point of view. On the other hand, he maintains that the coastside has these positive advantages for the world capitol site:

It is located close to both Mills Field, and to the airstrips constructed by army and navy on the Coastside. With two airports to choose between, the capitol could always be sure of at least one fog-free air field.

In case of necessity for an international seaport, Half Moon Bay would be the logical port of call. And in addition, the coastside area has a "spectacular scenic beauty" which would enhance its value as a world headquarters.

War Bond Sales Showing Increase

With their slogan "Buy a Bond to bring a boy home," acting as an inspiration for their efforts, the Daly City bond sales committee wishes to announce that sales through November 10, were as follows: "E" bond series, $7443.75; total sales, all bonds, $13,163.75

Local residents are urged to make their purchases immediately to swell the sales in this vicinity.

Free War Movies At Colombo Hall On Friday Night

In connection with the Victory Loan Drive, a program of exciting and informative motion pictures will be shown, admission free, in Colombo hall, Colma, on Friday night, November 16 starting at eight o'clock. The program, which will last for aproximately one hour, will show the services rendered by our men in uniform on land, sea, and in the air.

John Ferrari is again chairman of the Colma Victory Loan Drive campaign. Assisting him are his faithful co-workers of the 7th War Bond drive, Mr. Jensen, of Colma Incorporated; Alma Garibaldi, and Miss M. Pauline Brown, finance chairman.

PUBLICATION DATE CHANGE

Due to Thanksgiving falling on the regular publication date of the RECORD, next week's issue will be published Tuesday afternoon. Deadline on all material, without exception will be 8 p. m. Monday, November 19.

Democratic Club Organized Here

At a meeting held on November 9, Democrats of Daly City, organized a club with Frank Kemp acting as temporary chairman, and A. J. Linden as temporary secretary.

Serving on the continuation committee are Philip Morales, Julius F. Castelan, Frank Kemp, and A. J. Linden.

A system of organization by block districts, each headed by a district chairman, was discussed. It was announced that the National Democratic Committee has started an official publication soon to be circulated among party membership.

For the present, the official headquarters of the local club will be at 252 Los Banos avenue, phone RAndolph 2999.

Calumet Council Christmas Plans

Calument Council No. 66 Degree of Pocahontas is busy with interesting plans for two big events, namely the 41st anniversary of the organization, which will be observed on November 28; and the annual Christmas party scheduled for December 11.

There will be a mutual exchange of gifts and other traditional holiday amusements on the latter occasion.

Annual Sale Of Xmas Seals Starts Next Week

Officials of the San Mateo County Tuberculosis and Health Association announced this week that, 36,000 letters addressed to all homes in the county will be mailed out next week. These letters will contain, as usual, the household's quota of traditional Christmas seals.

Residents are asked to remit by check for the seals. All proceeds are to be used in furthering the work of the association in its fight against tuberculosis.

The letters contain a total of 360,000 seals. Fifty-two women and 15 Girl Scout troops gave their services in preparing the letters.

United Thru Books Theme of Library Book Week Display

The children's department of the Daly City library is the scene of a colorful and painstakingly arranged annual book week display. This display, showing books on every subject dear to the hearts of today's well-read youth, was created by Mrs. Jean O'Rourke, assisted by Marcie Trier. To be fully appreciated in every detail, the display should be seen by parents and friends of young patrons of the department, as it is a reflection of the interest and enthusiasm of the librarians who so faithfully serve the public.

Book Week ends on Saturday, November 17, and these new and exciting books, which cover a wide range from science to cartoons, will be placed in circulation on November 20.

Council Discusses City Manager Plan At Tuesday Session

Mayor A. J. Gaggero, City Clerk B. C. Ross, and Councilmen John Craig, Eugene V. Lynch, Hugh H. Smith, and Edward Dennis, met at City hall, Tuesday night, November 13, instead of on Monday, due to the Armistice Day holiday.

The meeting was called to order at 8 p. m. by Mayor Gaggero. Following roll call, a number of communications from various sources were read and discussed:

A letter of appreciation from the Garden Village Property Owners association, relative to the matter of installation and maintenance of the arch-way lighting system.

The West Coast Advertising company wrote requesting permission to erect three standard poster units on selected positions bordering the Junipero Serra boulevard. This matter was referred to the building and planning committee for study and disposition.

Ernest Cuneo's letter of resignation from the board of Fire Commissioners was read, and his resignation accepted by vote of council.

David H. Johnstone, of 6238 Mission street, made application to the council for a position on the Daly City police force. He cited previous work as a department relief man, and three years service in the Armed Forces in the United States and Europe. It was recommended that his application be given full consideration.

The application of Arthur Y. Larson, 237 Hilcrest drive, for a position in the fire department, was filed for further consideration at a later date. It was voted, however, that the Fire Chief be instructed to accept temporary appointees, for a period not to exceed 90 days, until the Civil Service Commission can be consulted regarding eligibility lists.

A communication was received from the War Memorial building committee, requesting information concerning the intentions of the council in the matter of a site for the proposed building. A meeting is to be arranged with this committee, in the near future, at which time the matter will be discussed in detail.

The possibility of donation of a location for the proposed Ambulance and Emergency Hospital building was discussed at some length. The matter will be thoroughly investigated, and a detailed report will be published as soon as the council makes known its findings.

Consideration of the City Manager form of government was introduced, and given favorable attention by the council. This form of city government is standard now in many California cities, where it has proved to be the only solution to many civic problems. It is, however, a matter to be put on ballot for decision of the voters.

The matter of better traffic control at the intersection of San Jose avenue and Flournoy, in relation to the safety of children who use that crossing, was also brought before the council. It was suggested that some sort of sign or signal be placed there for the purpose of slowing traffic at the base of the hill. The possibility of assigning an extra police officer, particularly on Saturdays and Sundays, at peak hours will be investigated and some action will be taken immediately.

Regarding the Taxi Cab ordinance, contact will be made with the League of California Cities in an effort to decide what steps should be taken to insure efficient handling of the problem.

The sanitation committee reported that 31 complaints have been investigated and 125 routine store checks made in the past month.

Food and a Free Press

When Congress recently donated an additional $550 million to the United Nations Relief Organization, but specified that countries receiving food from us must let our press representatives observe how it is distributed, some Americans charged that the lawmakers were being cruel to starving Europeans.

It seems to us that the critics are off the beam. If they're going to point the finger it should not be at Congress but at any government which refuses to let us see what is done with the food we send them.

It is no secret that food is being used as a political weapon in Eastern Europe and the Balkans. And it is charged that persons who fought against the Axis but who are now in political disfavor are going hungry as a result of discrimination in food distribution.

Why do European governments want us to send them food? To increase their power, or to feed the starving? If it is the former we had better save our money; if the latter then there should be no objection to our seeing that it is so used.

We should be sympathetic toward the hungry masses. We are—to the extent of half a billion dollars plus nearly a billion previously donated. Now we should prove our sympathy by making sure that the hungry masses really get the food we send them.

Popularity Percentage

Despite the dissatisfaction that has been evidenced recently over the failure of the White House to make more progress toward solving current national problems the latest Gallup poll on President Truman's popularity indicates that approximately 82 per cent of the citizens still approve the manner in which he is handling the nation's affairs. This is a drop from 87 per cent last July. The decrease is not considered significant in view of the fact that his July percentage was remarkably high and could hardly be maintained for any appreciable length of time. Even Franklin Roosevelt at the height of public favor never registered more than 84 per cent approval. What Harry Truman would undoubtedly like to know now is: Will his popularity in 1948 exceed 50 per cent? Almost everybody would like to know the answer to that one.

Red Letter Day

The celebration of the 28th anniversary of the Red revolution was especially significant for two reasons: what Foreign Commissar Molotov said, and what Generalissimo Stalin did not say. As to Molotov, his statement that Russia "shall have atom energy—and much other energy" probably was as much an effort to smoke the secret out of us at it was a promise—or threat—that the Soviets will enter the race for atomic power. It was the absence of Joseph Stalin, however, that created greater worldwide speculation than did the foreign commissor's declaration. This was the first time that the Russian leader had not appeared in public on the Soviet "Fourth of July," since he rose to the top spot in the government. But the speculation about Molotov's statement and Stalin's absence did not obscure the fact that on the 28th anniversary of the revolution, Russia had attained a degree of world prominence which neither she nor any other nation had expected even a decade ago.

Armistice Terms

Why the Italian armistice terms were kept secret for more than six months after the war in Europe had ended is one of those things for which there does not appear to be any convincing explanation. Like so many other "hush-hush" items of the war this one apparently was held long after the time when its secrecy served any useful purpose. This armistice shows, however, that it is one thing to lay down the provisions of surrender with all the details of the military, economic and financial phases involved, but that it is quite another task to carry them out. One of the armistice specifications was that the Italians were to pay the cost of our occupation. Actually, we had to lend the Italians money instead. Many other terms were never invoked. Well, we certainly were tough with our former enemy—on paper.

Visible Speaking

Reports from New York say that a new form of language has been devised whereby the spoken word can be made visible in green light on a screen or can be recorded on paper. The transcription of the voice to a visible form is accomplished through electronics, but the alphabet used is more like shorthand symbols. The result is that some words look like objects which have no relation to the words themselves. This new device will be especially useful in teaching persons born deaf to enunciate correctly, and—look out, girls—it might become the stenographer of the future.

"Notes Off the Cuff"

By Phil Smith

Sugar Report

Don't plan on pampering that sweet tooth too soon. The situation is still pretty rugged, with predictions that strict rationing of available and prospective sugar supplies will remain in effect until sometime in 1947.

Civil strife in the Netherland East Indies, Java, and other Southwest Pacific plantation areas has made almost totally impossible the movement of sugar and the latest reports indicate that the Philippines may not be able to export sugar for another 12 to 18 months at least.

This information was made public at a recent press conference granted by Secretary of Agriculture Anderson.

* * *

'All God's Chillen'

Pretty soon now "All God's Chillen" gonna take wings and fly! The world's smallest helicopter made its debut last week at the Westport airfield, White Plains, New York.

Only ten feet long, actually little bigger than a fair-sized model plane, it played grass-hopper and took to the air successfully in initial test flights.

Designer Donald De Lackner, a co-designer of the "Gee-Bee" in which Lt. Gen. James Doolittle set a speed record in 1932, says that this first ship is to be the start of a "family" of similar planes seating from 2 to 20 persons.

* * *

Yes, We Have No . . .

Standees!

This reporter stood in the rain last Saturday, on the corner of Mission and San Jose avenue, for nearly 40 minutes and watched the Greyhounds roll by . . no soap on standing up just to downtown San Francisco.

There may be a good reason for all of this business nowadays, but it's no fun to be in a hurry to go somewhere and not be able to promote transportation via public carrier . . . especially in the rain!

* * *

They Got Fooled!

Since seeing Paramount's picture, "The House on 92nd Street," I wonder more than ever what could possibly have given the Nazis the idea they could beat the FBI to the punch!

I'll be willing to wager that the famous Scotland Yard, or the eqally well-known French Surete, were never more perfectly trained and co-ordinated for decisive action than our own Federal Bureau of Investigation, under the direction of J. Edgar Hoover.

The picture features the story of the beginning, and the sudden ending, of the gigantic Nazi espionage and counter-espionage rings within our nation in the pre-Pearl Harbor days. Completely documentary, it graphically explains the multitude of technicalities involved in the modern spy-hunt. It will literally have you on the edge of your seat. Don't miss it.

* * *

Make Mine Oysters

Because I'm inordinately fond of the succulent bivalves, I made a point of ordering them for dinner the other night at a certain eatery famed for its sea-food cuisine.

First I got a thimbleful of something akin, in appearance at least, to dishwater . . . I think they called it "vegetable soup." Then, a forlorn little leaf of lettuce adorned with a slice of pickled beet, topped with a miscroscopic dab of mayonnaise which had obviously seen better days.

Finally, after some 30 minutes during which I quite completely reviewed my past life, my oysters arrived . . . .

ALL THREE OF THEM!

* * *

Well, Are We?

With apologies to the editors of Readers Digest, I take the liberty of reproducing the following editorial comment published by them a couple of editions ago:

" ' It seems that the atomic bomb is here to stay.

But, are we? ' "

Buicks On Display At Belli Motor Co.

Buick's first post-war cars, the new models for 1946, are now being placed on exhibition by Belli Motor company, local Buick dealers at 7400 Mission street.

Material advances in styling as well as functional design are immediately apparent in the new Buicks. An entirely new grille not only adds massiveness to the front but due to its construction provides improved air flow. All external surfaces of the new grille are capped with chrome plated stainless steel.

Front appearance is further enhanced by a new "aiming ring" radiator ornament, new and heavier bumper design, new guards and series designation. Flashway direction signals and parking lights are of a larger size. The new cars are well worth investigation from the standpoint of performance, design, and roadworthiness.

District Legion Auxiliary Luncheon

A luncheon meeting was held Wednesday, November 7, at Villa Chartier's, Belmont, by members of the 26th District American Legion Auxiliary.

The U-shaped table was centered with the emblems of our Nation and the Auxiliary, from which trailed smilax interspersed with the red poppies of the American Legion.

Honored guests were Florence Chess, Beatrice Camgros, Dawn Andrews, and Ethel Cassaretta.

Plans for the coming year were discussed. It was voted to hold bimonthly meetings, with various chairmen as guests of the unit presidents.

Dawn Andrews, first vice-president and membership chairman, urged each unit to double its membership this year, in order to carry on the work of this organization.

Laura Stetcher, district president, was a most gracious hostess and presided over the short business meeting. Those attending from Daly City unit No. 410 were Julia Jordan, president; Catherine Foreman, secretary; and Olga Bordson, membership chairman.

NOTES FROM JEFF HI

By Hazel Hendrickson

Football

A supposedly superior Sequoia eleven met Jefferson's defiant Indians here, Friday the 9th.

The boys from Sequoia considered their tilt with the Indians as a breather or a rest between tougher opponents, but the local boys certainly changed things in a hurry. Not only did Jeff outplay the Cherokees during the second half, but they also outscored the potential P.A.L. winners.

After a more or less uneventful first half the Cherokees became over confident and attempted to use their second string. Jeff immediately turned loose its aerial circus with Tikkanen "on the mound" to use a baseball phrase. Al Seiler, Bob Plyer and Don Mossi were the stiky-fingered pass receivers, while Milano, Morgan, Rutherford, Janssen, Thomborg, Odell, Grimes and Wilson blocked out the fast charging Cherokees.

The final score was 25-12.

* * *

Hi-Ya Joe

Don Morris RO 2/c, of the Maritime Service arrived home to enjoy a 30 day leave. He is a graduate of January '43.

Pete Bistoffi, a sergeant in the army, stationed in Italy since the invasion, has recently been discharged.

Merle Van Kirk and Deloris Thomas '44, are getting married December 7. Merle expects to be discharged from the Marine Corps this February.

Tom Callen arrived home for a weekend after being stationed nearby. Did you enjoy the football game, Tom?

Assemblies Give Color to Stamp Sales

The Tanforan Navy Band under the direction of J. L. Morris, musician 2/c, was presented to the student body, November 6. This program was given to "pep up" the stamps and bond sales. "Anchors Aweigh," the French National anthem, and many of the other fine songs of the Navy were played.

Next a film titled "A Sergeant's Diary" was shown. Lieutenant R. R. Thompson of the U. S. M. C. told us of some experiences that had happened to him and his company in the battle of the Philippines.

* * *

Thursday the 8th our teams suffered a double defeat. The tens dropped their game 13-9. The starting lineup for the 10's was Silacci and Laumond at forwards, Micheletti at center, (also game captain), Attenisia and Stanghellini at guards. Sub was Rud. High point man was Stanghellini.

The 20's were topped by the undefeated Burlingame 20's, 24-12. Barros and Garcia were starting forwards, Harju at center and E. Gigli and W. Shannon at guards. Subs were Robinson, J. Gigli and Pander. High point man was Garcia.

* * *

Two Wins Copped From Bellermine

Monday, November 5, there was a practice game with Bellermine of Santa Clara. Both of our teams won. Jeff's 10's topped Bellermine 33-13. The starting lineup for the 10's was Silacci and Laumond at forwards, Micheletti at center and Attenisia and Canepa at guards. Laumond was game captain. Subs were Rud, Craviet-to and Rosenbaum. High point man was Micheletti.

The 20's had an easy victory in taking Bellermine 30-6. The starting lineup was Barros and Harju at forwards, Robinson at center and Shannon and Garcia at guards. Subs were E. Gigli and J. Gigli. Game captain was Barros. High point man was Robinson.

* * *

St. John Bosco Boys Play Salistan Soon

This game will be held in the near future, probably in North Beach.

The Bosco line is quite good with Nathan Agresti, C; Al Lagomasino, G; Bob Lazzbini, G; Silvio Menicucci, F; Al Pericell, F; and George Biggo, G.

This forthcoming game will be a practice game.

* * *

Bobby Sox Pass in Review

Bobby sox pass in review at Jefferson this semester. Saddle leather purses are counter favorites at any department store. As soon as shipments come in the teenagers swoop down on them in a true shopper style. Even so, wallets are still on the list.

One sub-deb had her wallet completely outfitted for school. Contents: one large comb, slipped in at an angle; a pen and pencil set, a pile of nickels, dimes and pennies, a student body card, car ticket, pictures of the gang, a handkerchief and a key; plus a fat lipstick in the corner. . . . Wallets may even replace overnight bags. Other little gadgets that are sub-deb favorites are the cigarette cases which come in all colors. They are used to keep small change, bobby pins and lipstick, and what have you. Check Barbara Ford's with "Bobby" engraved in gold on the top of her little green case.

Slave bracelets, spangles and charms all add up to the teen age silver collections.

Rainy weather brings out the teen-agers' trench coats; just naturally seem to take to them—but now it's bright yellow oil skins that are stealing the show. High black boots cover the feet.

* * *

J. N. S.

At the last meeting of the J. N. S. the members decided to go bowling on November 7 and to go to the aquarium on Sunday. The members will be conducted through the entire building by one of the aquarium staff members.

* * *

'Inter Nos' (Among Ourselves)

On Monday, November 5, the Latin club was born in room 10. The name of this club in "Inter Nos," which means "Among Ourselves."

The motto of the club is "Non Est Vivere Sed Valere Vita" (Life is not mere existence but accomplishments). The club elected the following officers for one semester: president, Beth Calvia; secretary, Rosemarie Attenisia; and program chairman Christobel Holcomb.

Meetings will be held every other Monday. The members are the students taking Latin. The objective of the club is to develop an appreciation of Roman culture and civilization, to promote better understanding between student and teacher and last to encourage other students to take Latin.

University Helps Get Navy's Goats

Navy officials have asked the University of California to help them find 50 goats . . . but not to serve as opposition for Army mules at football games this season!

Instead, the Navy will use the goats on South Pacific islands in farm economic administration projects which provide fresh milk, meat and vegetables for fleet and base personnel in the area.

The farms, many of which were established with the aid of University of California College of Agriculture scientists, already are stocked with cattle, hogs and chickens and have proved a valuable source of fresh food for the armed forces.

Knowles A. Ryerson, assistant dean of the Davis unit, who was instrumental in founding many of the projects, has promised the full cooperation of the university in the search for goats.

Guibert-Marchionni Engagement Told

Mr. and Mrs. A. Marchionni, of 475 Templeton avenue, announced the engagement of their daughter Frances, to Armand Guibert, of San Francisco, on October 29.

The engaged couple are well known in the bay area, both having graduated from the University of California.

Armand is currently employed as a mechanical engineer by the Northwestern Airlines in Minneapolis, Minnesota.

The wedding date has not yet been definitely decided upon, but Frances is telling her many friends that it will be "sometime in the Spring."

Ladies Auxiliary Successful Whist

The ladies auxiliary of Company No. 2, Daly City Fire department, wishes to thank all those who attended their very successful whist party on November 13. Jack Ferro, of 6889 Mission street, copped the evening's honors.

Milking Persistency

There is some difference of opinion as to whether persistency in milking is altogether an inherited characteristic. Some good breeders think that it is well to milk a heifer in her first lactation as long as she should be milked when mature, even if the milk obtained does not justify the time in the latter part of the period.

Flak Curtains and Vests

Woven into a duck which is the strongest fabric for its weight ever made, nylon hangs in curtains in the interior of bombers to stop flak. The duck also is used in protective layers close to the body in the flak vest—keeps armor within the vest from piercing when hit by flak.

News From The Grammar Schools

Jefferson

An interesting activity story was composed and enacted by the low first grade on "Farm Animals." Different pupils of the class portrayed the various animals while others sang songs relating to the farm. The children discussed the usefulness of the animals, and made drawings the best of which were exhibited in the room.

During music appreciation the fifth grade heard the story of William Tell and his son. The four parts of the overture were played as follows: "Dawn," "Storm," "Calm," and the "Finale." The music was thorough enjoyed by the class.

The sixth grade has an attractive display of Victory Bond posters in their classroom. These posters were made by the pupils, and are an inspiration towards Victory Bond purchases.

Woodrow Wilson

Room 9:

Shirley Shreve brought to school a lovely carved model of a jinriksha, because we are studying the development of two-wheeled vehicles.

Room 5:

The boys and girls of room 5 have started their new unit on Democracy and Citizenship.

Room 4:

A film entitled "The Principles of Flight," was viewed by the pupils of room 4. It depicted the use of the rudder, fins, stabilizer, and elevators on a plane which are so necessary in flying.

Room 8:

The children in room 8 are studying the grains and their importance to human beings. We are also finding out why the raising of grain is distributed over the world as it is.

Room 12:

The boys and girls of room 12 are interested in the ways and methods of the library. Each child is permitted to choose the book on a subject he is most interested in, and is allowed to read it during free reading periods.

Room 14:

The high fours in room 14 are learning to read and interpret maps. First, they learned "What California's Map Tellsl Me." In this study they learned about the boundaries of the state, the location of cities, mountains, rivers, and lakes; and learned about the major highways and where they lead.

Room 15:

The high fourth and low fifth saw an interesting film, "Range Sheep." As the children are studying wool, this film was very helpful.

Crocker

During the second month of school the following students of the seventh grade were neither tardy nor absent:

Jack Hinman, Bonnie Harless, James O'Connell, Louise Vullmahn, Richard Blackburn, Robert Bloom, Gerald Haussler, Patricia Holcomb, Joy Siegne, and Helen Smith.

William Evans, seventh grade, in Mrs. Plumb's room, saw the first Clipper since Pearl Harbor to leave the San Francisco airport on Sunday, November 4.

On November 5, Beverly Correll attended the wedding of her sister, Barbara, to S1-c Eddie Gray at the Geneva Avenue Methodist church.

Last week the students of the high fifth saw the moving picture "Woolen Yarn," in connection with their unit on textiles.

During a recent social science period, the pupils of the low sixth were shown still films on book and paper manufacture, and the modern newspaper. These films correlated with the unit on "Inventions and Discoveries."

The high sixth class is busy on their wall-map of transportation. Gay red twine connects pictures of various modes of travel, with the location of their use.

The students of the eighth grade are enjoying the unit "Living in the San Francisco Bay Area." Colorful covers have been made by each student for his individual booklet. The romance of old California, the growth of the great metropolis San Francisco, the history of the county, and community are some of the highlights of the group study.

Crocker PTA Met On Tuesday

With Mrs. Eva Hobbs, president, in charge, the Crocker School PTA held its regular meeting on Tuesday, November 13, at 1:45 p. m.

Opening with the salute to the flag, led by Mrs. Florence McKay, and the Collect which was read by Vivian Pahlka, the group heard an informative talk on child welfare by Clive Saiz, guest speaker.

Mrs. McKay reported on the meeting of the 17th district, which she attended on November 8, in Burlingame. Two letters of appreciation were read and acknowledged. One was from the Red Cross expressing thanks for the overseas packages; and the other was from Pansy Jewett Abbott, in gratitude for the donation to the sight-saving class.

Reports on the coming bazaar, scheduled for December 7, were read, and the committee chairmen announced as follows: luncheon, Mrs. Olga Bordson; novelties, Mildred Sieler; fish pond, Ann Eason; sewing, Eva Hobbs; rummage sale, Mrs. McKay; clothing, Marie Gehrig.

Two new members, Mrs. Mary Wakefield and Mrs. Louise Newcomb, were welcomed to the unit. Mrs. Sieler was installed as parliamentarian by Mrs. Jordon. Richard Crane addressed the gathering of problems concerning youth. Mrs. Gehrig was appointed subtreasurer pro-tem due to the illness of Lily Cavagnaro.

Refreshments were served at the conclusion of the meeting, and the next session for the sewing unit was announced as scheduled for November 20, in the home of Mrs. Eva Hobbs, 847 Hanover street.

General Meeting Of Jefferson PTA

A general meeting of the Jefferson high school PTA was held on November 8 at 2 p. m., in the Little Theatre.

The unit announces that it is in receipt of a letter of commendation from officials of the 18th district, in regard to the luncheon hospitality shown them by the Jefferson unit.

A report was read concerning the successful whist party of November 2. The membership enjoyed an interesting meeting which featured a musicale.

Two vocal solos were presented by Frances Crossley. Phyllis DeChambeau, accompanied by Richard Bradford at the piano, played a violin solo. Following this Frances Crossley again entertained with another group of vocal numbers. Bill Dunlap, baritone, was followed on the program by duets for clarinet and flute played by Robert Ramage and Mr. McCarthy respectively.

A teachers' tea concluded the pleasant afternoon, which saw 99 per cent attendance. Those unable to attend were the physical education coaches who were busily engaged in supervising athletic events at that time. Mr. Hannah introduced the teachers present to the audience.

Braumoellers Take San Diego Trip To See New Grandson

Mr. and Mrs. W. H. Braumoller, 433 Santa Barbara avenue and their son Bill spent last weekend in San Diego getting acquainted with the youngest member of the Braumoeller family.

Baby Jimmy, son of Mr. and Mrs. James O. Braumoeller of San Diego, started the first chapter of his life by arriving at 2:58 p. m. Saturday, October 13, tipping the scales at seven pounds and 13 ounces.

To keep sliced peaches from turning dark, either peel just before using, or sprinkle the cut fruit with a little lemon juice.

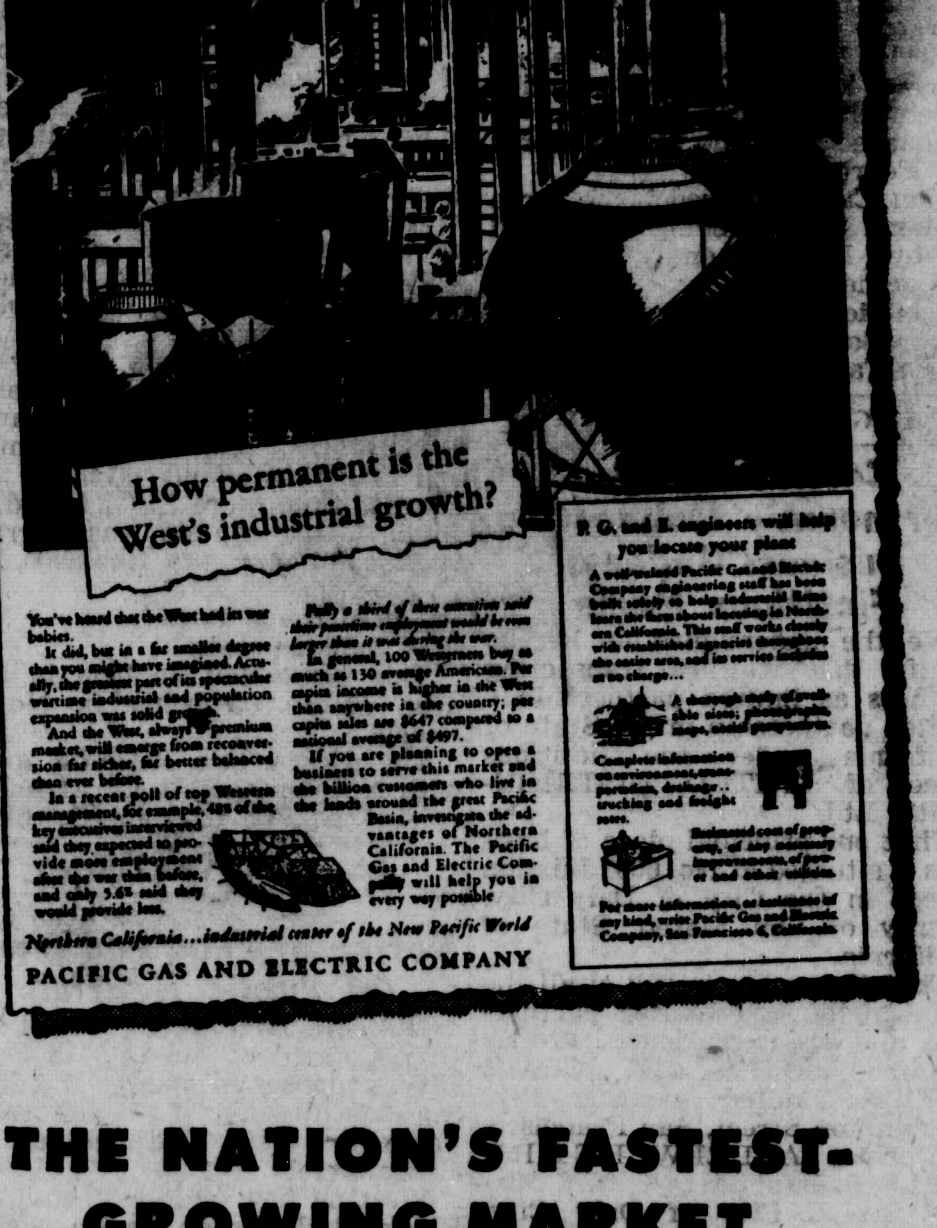
Long Distance calls are still at an all-time high on the Pacific Coast

But we're working night and day to bring service back to normal

Here on the Pacific Coast, Long Distance telephone calls are still at the same high level they reached just before Japan surrendered. That is why . . . even though we are already making headway in bringing service back to prewar standards . . . there may still be a delay before we can complete your Long Distance call, or the operator may ask you to limit it to five minutes. We want you to know, however, that we're doing everything possible to hurry the day when we'll again be able to handle promptly any Long Distance call you want to make . . . anywhere.

The Pacific Telephone and Telegraph Co.

They finished their job . . . let's finish ours. Buy Victory Bonds!



THE NATION'S FASTEST-GROWING MARKET —based on permanent industrial growth!

Northern California and the West have much to tell and show the Nation. In Northern California particularly, the spectacular wartime industrial growth has been widespread and diverisfied. Yet this area has had few war baby industries to impede immediate reconversion to its postwar economy.

The industrial West and the potential markets surrounding the hub of Northern California are rich in opportunity.

Every community in Northern California has a stake in the busy future that is starting now. Business and industrial leaders in the East have many plans for Western expansion. Your gas and electric company is working to help them and to help your community.

The advertisement reproduced above, is the second in a series of national advertisements to attract new business and industry to Northern California. This national advertising campaign reaches the more than 5,450,000 readers of—TIME, SATURDAY EVENING POST, WALL STREET JOURNAL, NEWSWEEK, FORBES and UNITED STATES NEWS.

SAFEWAY has everything you'll need for HOLIDAY BAKING

The easy-to-blend flours, the smooth, wholesome shortenings, the spices, fruits and flavorings . . . yes, all the so-good ingredients you'll need to bake real, old-fashioned favorites are here. And home-baking will be in special demand this homecoming holiday time. Just glance over the Homemakers' Column at the left for ideas—then check the values below . . . they're tops in quality but low in price.

How to enhance your holiday baking

The stand-by recipes for holiday baking have a new taste-thrill when you add an ingredient that is different and tantalizing in flavor. An ideal pastry for mince, pumpkin and apple pie is:

ORANGE OR LEMON PASTRY

To your standard pastry recipe add 1 to 1½ tablespoons of grated orange or lemon rind to the flour and shortening mixture. (Part orange or lemon juice may be used for the liquid.)

Or you might like a change from Pumpkin Pie to Sweet Potato Pie. Here is my favorite recipe:

SWEET POTATO PIE

- 2 cups mashed sweet potatoes
- 3 eggs
- 1 cup sugar
- 1 tsp. mace
- ½ tsp. salt
- 1½ cups milk
- ⅓ cup orange juice
- 1 tbsp. lemon juice
- 2 tbsps. grated orange rind
- ½ cup melted butter
- Unbaked pastry shell
- 6 tbsps. sugar

Boil potatoes in jackets, peel; mash and measure. Separate eggs, beat yolks until light; add sugar mixed with mace and salt. Combine with sweet potatoes; add milk, orange juice, lemon juice, orange rind and butter. Place in unbaked pie shell. Bake in hot oven (450° F.) for 15 minutes; reduce to moderate oven (350° F.) and bake 45 minutes longer. Make meringue with egg whites and 6 tbsps. sugar. Spread roughly on top of pie; return to oven; bake in moderate oven (350° F.) 15 minutes. Makes 1 9-inch pie.

Or what about a simple pudding—one that has sheer elegance of flavor! Serve your favorite sauce with:

QUEEN'S TASTE PUDDING

- 1¾ cups flour
- 2½ tsps. baking powder
- ¼ tsp. salt
- 1 cup sugar
- ⅔ cup milk
- ⅓ cup softened shortening
- 1 egg
- 1 tsp. vanilla extract
- ⅓ cup sliced maraschino cherries
- ⅓ cup chopped nutmeats

Sift and measure flour; sift with baking powder, salt and sugar into large bowl. Measure milk into cup and add enough shortening to bring it to the 1-cup mark. Pour milk and shortening into bowl containing the flour; add unbeaten egg and flavoring. Beat with rotary beater for 1 minute, or until batter is smooth. Add cherries and nutmeats; mix. Pour into well-greased cake pan (8 x 8 x 2). Bake in moderate oven (350° F.) 25 minutes, or until done. Serve hot with your favorite sauce. Serves 8 to 10.

Church Workers Attend Conference

Rev. and Mrs. William Harberts, of Grace Presbyterian church, Evergreen and Hanover streets, accompanied by Mrs. William Coulthard, Mrs. avid Adam, Mrs. Joe Bartholomew jr., and Mrs. Duncan Ross, attended a conference of Sunday School workers, held at St. John's Presbyterian church in Berkeley last Tuesday.

The Vesper choir of Grace Presbyterian church will be in charge of the Sunday evening Thanksgiving service, November 18, at 7 o'clock. A Thanksgiving service will be held on Thanksgiving Day, November 22, at 10 a. m. All servicemen and their families are especially welcome to attend this service.

Former Resident Is Visitor Here

Mrs. Ella McKee, who for the past twelve years has resided in San Rafael, was in Daly City this week greeting her many friends. She is a pioneer resident of this community, and it was very pleasant to have Mrs. McKee as a visitor again.

Milk Values

Buttermilk and skim milk are similar in food value. Both contain valuable protein, and both supply you with calcium and some of the B vitamins. Enrich your meals with more of these protein-rich. point-free and inexpensive milk foods.

LEGAL ADVERTISING

Notice of Sale of Real Estate

No. 100020, Department No. 9

In the Superior Court of the State of California, in and for the City and County of San Francisco.

In the Matter of the Estate of MARY BOSCACCI, also known as MARY MARSHALL, Deceased.

Notice is hereby given that the undersigned Executor of the last Will and Testament of Mary Boscacci, also known as Mary Marshall, Deceased, will sell at private sale to the highest bidder for cash and subject to confirmation by said Superior Court, On December 1st, 1945, at the hour of ten o'Clock A. M. or after said day, at the law office of Fitz-Gerald Ames, Room 709 DeYoung Building, 690 Market St., San Francisco, California, all the right, title, interest and estate of the said Mary Boscacci, also known as Mary Marshall, at the time of her death, and all the right, title and interest that the said estate has by operation of law or otherwise acquired other than or in addition to that of the said Mary Boscacci, also known as Mary Marshall at the time of her death in and to that certain piece and parcel of land, situate, lying and being in the town of San Carlos, County of San Mateo, State of California, more particularly described as follows, to wit:

Lot 12 in Block 6, as designated on the map entitled "SUNSET HIGHLANDS MAP NO. 2 SAN CARLOS CALIFORNIA," which map was filed in the office of the Recorder of the County of San Mateo, State of California, on June 2, 1931, in Volume 19 of Maps at pages 59 and 60.

Bids or offers are invited for said property and must be in writing and will be received at the law office of Fitz-Gerald Ames, Esq., Room 709 DeYoung Building, 690 Market Street, San Francisco 4, California, attorney for said executor, or may be filed with the Clerk of the said Superior Court of the State of California, in and for the City and County of San Francisco, or delivered to the said executor personally at any time after the first publication of this notice and before the making of said sale.

Terms and conditions of sale: Cash in lawful money of the United States of America, ten per cent of the purchase price to be paid on day of sale, balance on confirmation of sale by the Court. Deed at the expense of purchaser or purchasers. Property to be sold subject to liens and assessments of record; all rents, taxes and insurance to be prorated as of date of sale.

Dated: November 9, 1945.

ETTORE BOSCACCI,
Executor of the Last Will and Testament of Mary Boscacci, also known as Mary Marshall.

Fitz-Gerald Ames, Sr., Attorney for Executor, 690 Market Street, San Francisco, California.

(Pub, Nov. 15, 22, 29, 1945.)

OFF THE BLOTTER

Police have been investigating a report that the missing Dickie tum Suden, scion of the well-known California family, was seen in Daly City last Sunday night. A. R. Haskins, operator of an auto court at 6995 Mission street, reported that a man and women attempted to hold him up at the point of a gun Sunday night, after inquiring about rooms, and then fled in a car with a child whom Haskins said resembled the missing tum Suden heir.

Malvin Kingon, of 67 Hilcrest drive, has been reported as missing since Saturday, November 10, by his stepmother, Mrs. Henry Kingon. He is known to have a friend, Roy McLaine who is staying with a Mr. and Mrs. Clark of Route 1, Sebastopol. Police are investigating.

Henry Pierre Carrey, 116 Green street, San Francisco, was clocked at 60 miles per hour when he passed the arresting officer on Saturday night, November 10. Bail was set at $100, and Carrey, who was alledged to be intoxicated at the time of arrest, is to appear before Judge Sweeney at 2 p. m. Friday, November 16.

Several residents of Brunswick avenue were rudely awakened at about 5 a. m. November 10, by a young man who claimed to have been badly beaten by a person or persons whom he declined to identify.

Fred Claus, of 941 Brunswick reported that someone had lost a lot of blood on his stairway. A little later George Rodriquez, of 953 Brunswick, turned in a description of a young man, 6 feet tall, blond, weighing approximately 160-170 pounds, and wearing a tan overcoat, who rang his doorbell shortly after 5 a. m. When Rodriquez answered the door, the young man asked for a pan of hot water with which to wash the blood from his face and head. When Rodriquez went to get the requested water, the man vanished.

Mrs. Whaley, 960 Brunswick, followed with a report to the effect that by the time she could get to her door, in response to the bell, she saw the man going down Templeton towards Mission street.

Police contacted all emergency hospitals and the Ingleside station, but learned nothing helpful in the case. However, they are still checking on all leads in the hope of discovering the identity of the young man who quite obviously had been badly injured in some way.

Three minor traffic accidents engaged the attention of Daly City police on November 13.

Alfred Belletto, 163 Moltke, and William H. Johnson, 58 Caine avenue, San Francisco, were involved in an accident at the intersection of Knowles and Mission shortly after midnight. Belletto signed a complaint against Johnson, who was ordered to appear at 2:30 Friday afternoon, November 16, to answer charges preferred against him in the matter.

At 12:30 that afternoon cars driven by Edward A. Weisenburger, of Colma, and George C. Millwad, 636 Castro street, San Francisco, crashed in front of 6315 Mission street. Both cars were slightly damaged, but neither driver was injured.

The third of the trio of accidents acurred when cars driven by Charline C. Wright, 401 Wellington avenue, and Emily Bond, 344 Park street, San Francisco, collided at the intersection of Mission and Wellington, about 4:30 p. m., also on the 13th!

Looks like there may be some truth in the old superstitions after all, doesn't it?

NOTICE

I will not be responsible for bills contracted by my husband, Eugene B. O'Shea, from now on.
Signed: Mrs. Olga L. O'Shea,
487 Knowles Ave., Daly City.

LEGAL ADVERTISING

Notice of Intended Sale

NOTICE is hereby given that F. Bottini, residing on Price Street, Colma, California, has sold his business as of the close of business on October 31, 1945, conducted under the name of F. BOTTINI POULTRY, 7339-7341 Mission Street, Daly City, California, to E. MONTEMAGNI and DINO BARSANTI, whose respective addresses are 7339-7341 Mission Street, Daly City, California.

The assets of said business so sold, in addition to the location, consist of the following fixtures and equipment, free and clear of all liens and encumbrances, to-wit:

1931 1-ton White truck
1932 Ford Panel Del. Truck
28 Chicken Batteries
45 Chicken coops
1 Cash Register
4 Scales
2 Picking Machines
1 Billing Machine
1 Refrigeration box & motor
1 Boiler
3 Racks
1 Office Desk and Chair
1 Steel Filing Cabinet
3 Butcher Blocks

Counters, show cases and other fixtures appertaining to said business.

NOTICE is hereby further given that the consideration for said sale amounts to $4,000, and the same has been paid by the buyers and said consideration remains in escrow with Mr. C. Cattori, residing at 7316 Mission Street, Daly City, California, and the same will be paid over by said escrow holder to the Seller on the 24th day of November, 1945, at the hour of ten o'clock A. M., and any and all creditors having any claims to said business are hereby directed to present the same prior to said time to said C. Cattori.

Beginning as of November 1, 1945, all bills and obligations of the said business incurred thereafter are the bills and obligations of the buyers, and all bills and obligations incurred by said business prior to the close of business on October 31, 1945, are the obligations of the seller.

Dated: Daly City, California, this 10th day of November, 1945.

F. BOTTINI,
Seller.
E. MONTEMAGNI,
DINO BARSANTI,
Buyers.

STATE OF CALIFORNIA,
County of San Mateo: ss.

On this 10th day of November, in the year One Thousand Nine Hundred and forty-five, before me, C. CATTORI, a Notary Public, in and for the County of San Mateo, residing therein, duly commissioned and sworn, personally appeared F. Bottini, as Seller and Dino Barsanti and E. Montemagni, as Buyers known to me to be the same persons described in, whose names are subscribed to and who executed the within instrument, and they duly acknowledged to me that they executed the same.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed my official seal, at my office in the County of San Mateo, the day and year in this certificate first above written.

(Seal) C. CATTORI,
Notary Public in and for the County of San Mateo, State of California.

My Commission Expires Jan. 9, 1945.

Black Bass Abound In Coyote Lake

Central California fishing enthusiasts will soon have another "happy fishing ground" near Gilroy, in the southern part of Santa Clara county, at Coyote Lake.

The lake, situated just east of Gilroy, is approximately five miles long, and holds close to 30,000 acre-feet of water. Previous efforts to stock the lake with fish were failures, but this time the Central Coast council of the California State Chamber of Commerce seems to have solved the problem, and has announced, through its spokesman, Emil Ott, that planting of large-mouth black bass will start in early spring.

Portable Ports

By means of "portable ports," coded as Mulberries, more than 2½ million men were put ashore during the first 109 days of the European invasion. Over 17 million ship tons of material reached shore during the same time.

THURSDAY, NOVEMBER 22

A national holiday by Presidential Proclamation, this Thursday will see many activities cancelled or postponed. This is done so that organization members may enjoy the holiday to the fullest extent in company with family and friends, at home or out of town. For details, consult your club or group secretary.

Wire Mesh Used To Repair Skulls

Stainless steel wire mesh is now being used at the University of California hospital to repair small defects in the skull. Introduced by Dr. Edwin B. Boldrey, assistant clinical professor of surgery, San Francisco division of the university, the screen wire has been found to be tolerated well by the body and to be superior to small bone grafts or bone dust, previously used for filling in small cavities of the skull.

During the past 18 months since the process has been in use by the division of surgery, no ill effects of any kind have been noted, states Dr. Boldrey.

Kenny Treatment Proves Effective

Verification of the effectiveness of the Kenny treatment for poliomyelitis comes from a group of doctors at the Medical School of the University of California, this week.

After a close observation of 100 cases, a group including Dr. Henry Brainerd, clinical instructor in medicine and pediatrics, Mr. Hilliard J. Katz, clinical assistant in psychiatry, Dr. Albert P. Rowe, jr., former assistant in medicine, and Dr. J. C. Gieger, clinical professor of epidemiology, reported that the Kenny treatment is an effective method of preventing contracture and deformity. However, there still remains some doubt as to the correctness of Sister Kenny's explanation of why it is effective.

All of the hundred cases observed showed muscle spasm, they disclosed, but only 48 per cent also developed muscle weakness. All recovered sufficiently to walk without braces. Only one of the group had any deformity due to contracture of the muscles, the doctors reported.

Conclusions reached by the group included the following: muscle spasm always occurs in early poliomyeltis and constitutes one of the best ways of confirming the diagnosis; the drug neostigmine will relax the spasm at least temporarily, but its permanent value is as yet unproved and there is no proof that either the Kenny packs or the drug reduces the incidence of paralysis.

Jefferson PTA Appeals To Mothers

An urgent appeal is being issued this week by the Jefferson high school Parent-Teachers association, to the mothers and other interested persons to act as chaperones for the "Teen-Age Canteen."

The canteen is open each Friday night from 7 to 10:30, and provides clean, wholesome recreation for the students, and is deserving of fullest support by all parents and friends of the school.

On November 1, an executive board meeting of the unit was held in the Cavour street home of Mrs. Stanford Hannah, with Mrs. Hollingsworth presiding. Business of a routine nature was accomplished. Mrs. Ann Eason and Mrs. Mildred Seiler acted as cohostesses. Following the luncheon, the sewing club worked on towels to be used at coming whist parties.

Brownies Making Gifts For Parents

Brownie Troop No. 11, reports that on Wednesday of this week her group worked on special Thanksgiving gifts which the girls will present to their parents on the holiday.

Arrangements have been made by the troop with Mrs. Couture for the repair and re-dressing of damaged dolls. This will solve many gift problems for the girls at Christmas time.

Women's Civic Club Met On Thursday

The Women's Civic Club of Daly met on Thursday, November 15, advancing the date by one week due to the Thanksgiving holiday which will fall on their regular meeting day.

The session was held in the home of Mrs. Ann Eason, 924 Hanover street, at 8 p. m., with Mrs. Julia Byrne presiding.

China's Civil Strife

After more than eight years of bloodshed, limp, long-suffering China still looks in vain for peace. World War II is at an end. The invaders have been disarmed. But the smoke of battle and the stench of death still hang over 11 provinces of that unhappy land. It is not Chinese against Japs but Chinese against Chinese as the smouldering fires of internal conflict between Chiang Kai-Shek's Central Government and the Communists again break out into searing flames. As yet it has not reached the stage of a three-alarm fire but unless some settlement is reached between the two factions still holding conversations in Chungking the blaze might get completely out of control. There is an urgent need for the diplomatic fire-fighting equipment of both Russia and the United States to be brought into action. Between the two—Russia concentrating on Mao Tse-Tung, the Communist leader, and the United States working on Chiang—the conflagration could be squelched. For the sake of China and the future peace of the world, it must be.

Faster Than Sound

There has long been discussion about planes that would fly as fast as the speed of sound—about 700 miles an hour. But that is just a snail's pace, for it has been revealed that flying machines flown in secret tests in the United States have reached the unbelievable speed of 1400 mph. These machines are not manned by pilots but are apparently handled by remote control. Dr. C. C. Furnas who announced the existence of the new aircraft doubts if such great speeds will ever be commercially feasible due to the high cost of operation. He estimated that commercial air travel in years to come will be at about 600 miles per hour, but that passenger planes could travel 1400 mph within the next 25 years if the cost factor were no object. Let's see: at 1400 miles per hour we could leave New York by plane and arrive at San Francisco an hour and eight minutes before the hour we left.

Hitler Dead—Officially

After spending six months traveling via the "rumor route" to Patagonia, to Japan, and a half dozen other places Adolf Hitler has finally gone to his grave—officially. The story which Hitler's chauffeur related shortly after his arrest has now become the accepted version of what happened to the Nazi Fuehrer. The official Allied statement said that all evidence indicated that Hitler had shot himself to death and that Eva Braun had died by taking poison on April 30, when the Russions were about to enter Berlin. Even this statement, however, is not likely to stop the stories that will arise as to Hitler's "escape" and the assertions that he has been "seen" in widely separated localities. In other words, der Fuehrer is going to have a long "life" even if he is dead.

Much Too Much

We think it is all very fine for our brave laddies to like their work. But there is a limit even to that.

In our opinion, the Detroit fireman who turned in 12 false alarms in one night was overdoing it.

These Positions At United Air Lines Are Permanent

What's more, as an employee of United Air Lines, you are entitled to important benefits, some of which are half-fare air travel, vacations with pay, insurance plan, periodic wage review, and a retirement plan.

divisions was presented and discussed.

Several other items of routine business were discussed and routed through their respective channels for investigation or disposition.

Holiday Turkey Supply Plentiful

No one in California need worry about their turkey dinner on Thanksgiving this year. There are some 5,000,000 birds available for both Thanksgiving and Christmas, according to Dr. V. S. Asmundsen, associate professor of poultry husbandry at the University of California.

As to prices, Asmundsen states that hens will probably stay at ceiling prices throughout, but toms may well sell below ceiling. All in all, the poultry specialist says, it will be a good year for growers as well as a satisfactory one for consumers.

In connection with the coming holiday preparations, timely hints on the selection of choice birds, plus complete directions on how to draw, stuff and roast them for the holiday table, are given in a bulletin of the Agriculture Extension service written by Miss Hilda Faust, extension specialist in nutrition, and Wilson E. Newlon, extension specialist in poultry, of the University of California.

Illustrated by more than 40 photographs, the circular includes step by step directions for dressing, drawing, roasting and carving, as well as recipes for various types of dressings. It may be obtained without cost by writing to the Agriculture Extension Service, University of California.

Professor Visits U. C. from China

Dr. Pao-Lu Hsu, mathematician at Peking University, China, is in the states for a year as visiting professor, through a joint invitation by the University of California and Columbia University.

He will spend the fall term lecturing in statistics on the Berkeley campus of the University of California, and then will proceed to New York where he will teach for one term at Columbia.

Dr. Hsu, who is one of the most distinguished specialists in mathematical statistics, studied at Tsinghua University, China. In 1936 he went to the University of London as specialist in mathematical statistics, receiving his Ph.D. from there in 1938, and later the D.Sc. degree.

In 1940 Dr. Hsu returned to China as professor at Pekin University. In order to have the benefit of a quiet zone, he had to lecture in a cave, while Japanese planes bombed his and his students homes. The Chinese mathematician also conducted research in caves and sent his findings to this country to be published. These papers, coming unexpectedly from a country in which the condition of war made research almost impossible attracted wide attention from scholars all over the country.

Charles W. Ali Home From Okinawa

Bursting into the house with a lusty shout of "Mom, what've you got to eat, I'm hungry," Charles Ali, son of Mrs. Libarry of 1167 Hanover street, returned from the Southwest Pacific area of Naval operations on Tuesday night of this week.

Charles, who is a first class carpenter's mate in the 145th Construction Battalion, attached to the First Marine division, was an active participant in the invasion of Okinawa. He will be at home for a few days, then will report to Treasure Island and from there is to go to Camp Shoemaker separation center for discharge.

On Wednesday morning, Ali received a wire from his wife, Mrs. Martha Ali, who is a high wire artist with the Dailey Brothers Circus now on the road in North Carolina, She expects to arrive home sometime this coming week end. Soon the couple will be reunited with their two children who are at present staying on a ranch at Campbell, California.

Fowl Vaccination

Poultrymen are advised that the best age at which to vaccinate against the fowl pox disease is when the birds are between 12 and 16 weeks old.

Strike Situation Growing Worse In San Francisco Area

With mother baking bread and biscuits for dear life, due to the bakery strike which is threatening to spread the length of the Pacific coast, practically all Peninsula and bay area groceries report that their shelves are empty of the "staff of life."

In addition, it is rumored there is possibility of a strike by AFL retail grocery clerks, adding to the complexities of an already serious situation.

Secretary Frank Tissier of the Retail Clerks Association, announced this week that the clerks have requested sanction for a strike to begin Saturday, November 17.

Tissier said that approximately 1500 AFL clerks have asked an estimated 30 per cent wage increase. Grocers have counter-proposed a wage increase "close to 14 per cent," with time and a half over 40 hours.

Helped by Pets

Animal pets form a definite part of the therapeutic treatment for mentally sick children in the children's ward of Langley Porter Clinic on the San Francisco campus of the University of California, according to Dr. Kathleen K. Stewart, director of the department.

Children who do not respond to overtures of friendship from any person sometimes will form an affection for an animal, she says. Animals demand less in their friendships than humans, she explains, and the relationship is simpler and requires less adjustment. The child who cannot find any pleasure in a friendly puppy is mentally very sick; on the other hand she points out, the friendship with a dog or cat may prove to be the first step toward adjustment to human relationships.

A small acquarium has also been placed in the schoolroom at the clinic. Gift of the Steinhart acquarium at Golden Gate Park, the aquarium was prepared for the children's ward after Dr. W. M. Chapman watched the children from the clinic on a field trip to the museum, and noted their intense interest in the park aquarium.

Christmas Cards Asked for Veterans

The regular meeting of the 26th district American Legion Auxiliary was held in the social hall of Millbrae Community church on November 9, with President Laura Stetcher presiding.

Dawn Andrews, membership chairman for the district, gave a peppy talk on the need of a larger membership. She is sponsoring a contest between the northern and southern units to gain that goal.

A very interesting report on the school of instruction held recently at Palo Alto Veterans' Facility was given by Mae Gomes rehabilitation chairman Units were asked to donate Christmas cards with stamped envelopes for uncompensated veterans of that hospital. Members were asked not to forget the "Gifts to Yanks Who Gave" Christmas program.

Mortician Sued By San Franciscan

Alledging that his mother's body became a "rotted, decomposed and insect and worm infested mass" as the result of "carelessness, unprofessional conduct, and neglect" on the part of the defendants a $550,900 suit instigated by August Chelini of San Francisco, against Sivio Nieri, South San Francisco mortician, was brought into San Mateo county superior court on change of venue from San Francisco, this week.

Chelini charges Nieri and Howard Johnson, an employe mortician, with careless embalming of the remains of Mrs. Caroline Chelini, 97, who died in San Francisco on December 11, 1943. The condition of the body was discovered on July 13, 1945, when he went to Cypress Lawn cemetery and opened the casket, he said.

Chelini asks $900 specific damages, and $50,000 general damages suffered by a resultant heart ailment shock.

It's Big—It's Beautiful—It's BUICK

THIS, we reasoned, is no time to offer folks a car that stops with artful face-lifting.

It has been nearly four years since our last new Buick was built — it wouldn't be shooting square now to give you less than our honor-bright best.

So we overhauled our whole factory to advantage it with the latest in war-developed machines and processes.

We scoured the country for the stoutest metals anyone can buy today.

We set ourselves precisions that in some cases exceed those of aircraft engine production.

And we eagle-eyed every one of this Buick's 12,000 parts to see if it could be bettered in any way, big or little.

The result is that through every stunning inch of this bright new honey runs solid, dependable Buick *character*, honest and uncompromised.

It's in swift clean lines. In seats that are three-persons wide. In stout, time-defying frames and underpinning. Above all — in the lift and life of a Fireball straight-eight that's even livelier than in 1942.

The cars your Buick dealer will have are big. They're beautiful. They're *Buicks*.

In fact — the best Buicks yet!

When better automobiles are built BUICK will build them

Carolands Estate Sale Confirmed

Confirmation of the sale of the Carolands, 90-room chateau-type mansion of Mrs. Harriet Pullman Schermerhorn, Hillsborough, and its 400 acre estate, was established this week as deed to the property was officially filed with County Recorder T. Clark Rice.

It is proposed to expend about $5,000,000 in the construction of homes on the property in the near

Rumors which tagged the estate for purchase by a San Francisco syndicate as a proposed capitol for the United Nations were refuted when A. J. Lang, of Lang Realty company said it was purchased by a syndicate of San Franciscans for subdivision. Lang handled the sale.

According to present plans, the palatial residence will not be razed. The subdivision is to consist of some 200 homes, each on a 2-acre tract. These homes will be in the $20,000 to $30,000 class.

Title to the property, in the deed recorded by Rice, passes from Wells-Fargo & Union Trust company of San Francisco, to M. L. Fruhling, identified only as "a single woman." Neither the bank nor Lang could identify her. Assumption is that she was a "d u m m y purchaser" for the syndicate.

California-Pacific Title and Insurance company officials, who presented the deed for recording said that they knew nothing about the transaction, except that the papers were given to them for handling.

Lang said the sale, and the investment in construction of the proposed 200 homes, would make the deal a "more than five million dollar" proposition.

Sea Lions Shot Along Coastside

Fishermen and hunters on the Coastside are ignoring warnings issued recently by county authorities, by continuing to shoot seals and sea lions on the area beaches, according to a statement made this week by Maurice Rothschild, county sanitarian for the Coastside region.

The carcasses of 10 seals were found between Miramar and Princeton point alone last week, Rothschild said. He suspects that seals are being shot just for the sport of it, by hunters who make weekend trips to the area.

Shooting seals is forbidden by state law, unless they are interfering with fishermen's nets. Disposing of these carcasses is quite a problem to the county; it costs between $7.50 and $10 to bury each seal, and "it's a nasty job" according to Rothschild.

Garrison-Barger Nuptials Saturday

Now spending their honeymoon in Santa Barbara, are Petty Officer and Mrs. Robert Garrison (Jeanette Barger) whose wedding was an event of last Saturday evening at the Alemany Avenue Lutheran church.

The charming bride wore traditional white satin, and carried a bouquet of white bouvardia with an orchid in its center. She was attended by Elaine Hansen as maid of honor; and her bridesmaids were Mrs. Gwen Bent, Redwood City; Mildred Bartling, Oakland; Meyna Lotarocca, Richmond; and Myrtle McDonald, of Daly City. All were gowned in aqua net, and carried old fashioned bouquets of pink carnations.

The bride's cousin, Al Hanson, gave her in marriage.

The ceremony, which was witnessed by more than 100 friends and relatives of the two young people, was performed by Rev. Schroeder. Rev. McKisson sang two songs during the ceremony, "Because" and "At Dawning."

The church was beautifully decorated with dozens of white chrysanthemums and tall candles.

Performing the duties of best man was Lieut. Reuben Garrison, Lomita Park; ushers were Larry Eitimiear, Albany; Bill Gfroerer, Daly City; John Bent, Redwood City; and Ethan Garrison, Lomita Park.

A reception, following the ceremony, was held at the home of the bride's aunt, after which the young couple left on their honeymoon trip. Among those in the receiving line were Mrs. Ethel Barger, mother of the bride, who wore a striking black and silver gown with an orchid corsage; and Clarence Garrison, father of the groom.

Officer Garrison is stationed at the San Pedro naval station. Pending his discharge from the service, the young couple have not made any definite plans as to their future home, but hope to reside somewhere on the Peninsula.

The new Mrs. Garrison, who was born in Daly City, is a graduate of Jefferson Union High school, and later attended San Mateo Junior college where she took an active part in many campus activities.

Joint Bazaar at Guadalupe Hall

On Friday night, November 16, at 8 o'clock a bazaar sponsored jointly by the Native Daughters Parlor No. 153, and the Native Sons Parlor No. 231, will be opened to the public in Guadalupe hall, 4551 Mission street.

Mrs. Lula Porter is chairman for the Native Daughters, and will supervise the many interesting booths created by the ladies of the parlor.

On Monday night, November 12, a successful "High Times" party was enjoyed by the organization in Foresters hall at 170 Valencia street. The feature of the evening's fun was recognition of birthday anniversaries.

As the "homeless babies fund' campaign gathered momentum this week, the two organizations made plans for a large public whist party to be held on November 26, at 414 Mason street.

In connection with this fund, Richard F. McCarthy, grand president of the Native Sons of the Golden West which is sponsoring the campaign with the Native Daughters, released a statement in which he praises the organization's work with homeless chilrend. "The placing of homeless children in childless homes has contributed greatly to the social development of California," he said. Funds for the campaign are being raised through the sale of "homeless babies fund" seals to the public.

The Native Daughters Parlor No. 153 has just been honored with a citation for their work in supgroup of the Hospitality House. A group of approximately 20 ladies of the Parlor have contributed $1 each, per month, through the entire war period for the support of the House. In making their contributions, these ladies have made a valuable contribution to the high morale of the servicemen visitors to Hospitality House, and their efforts are greatly to be appreciated.

"Blossom Time" Opens Nov. 18th At the Curran

Lovers of fine music, lovers of bright comedy, lovers of traditional good theatre, and just lovers in general, will welcome the 1945-46 revival of the nation's favorite operetta "Blossom Time," which is to be the attraction at the Curran theatre, San Francisco, starting Sunday evening, November 18.

This tender and poignant operetta based on the life of Franz Schubert was first produced in Vienna in 1914, under the title of "Drei Madel Haus," and soon won international popularity by virtue of its romantic plot and its exquisite melodies adapted by B. Herte from Franz Schubert's own immortal music. By the early 1920's it surpassed even "The Merry Widow," in popularity and its fame soon became international. London first saw it under the title of "Lilac Time" and in 1921 it opened at the Ambassador theatre, New York, under the title of "Blossom Time."

For the American production the Messrs. Lee and J. J. Shubert had engaged Sigmund Romberg to adapt the music nad the late Dorothy Donnelly to prepare the book. The premiere was greeted with much enthusiasm, and today, after almost a quarter of a century, "Blossom Time" is still continuing to make history in the American theatre.

In presenting the 1945-46 revival of the beloved masterpiece the Messrs. Shubert are featuring some of the outstanding artists in the operetta field, among them being Edmund Dorsay, Ruth Gillette, Tom Barry, Zella Russell, Harry K. Morton, Marian Stevens, Frank Farrell and Ann Lay. The orchestra will be under the direction of Mr. Harry Archer.

Fifth Donation To Blood Bank

Mr. and Mrs. James E. Welsh, of Daly City, recently donated blood for the fifth time, to the San Mateo county blood bank.

There is still a vital need for plasma, and all who can are urged to visit the blood bank as soon as possible.

"Girl From Brazil" At Colombo Hall Saturday Night

On Saturday night, November 17, in Colombo hall, Colma, a grand festival and entertainment will be given by the parishioners of Holy Angels church for the purpose of raising money for the erection of the new church.

The present building was dedicated in 1869, and three generations have utilized it for a place of worship. Upon completion of the new edifice, the old structure will be retained as a hall for the children's various parish activities.

One of the feature attractions on the entertainment will be a clever and colorful one-act play, "The Girl from Brazil" produced by the high school girls of the parish under the capable direction of Miss Mary Belli.

There will be group singing of popular songs by the children of the parish who have been beautifully trained by the Sisters of the Holy Family.

Following the play and singing there will be all manner of exciting amusements, and interesting booths to patronize. The admission is free, and the public cordially invited to join in the fun which will serve a most worthy cause.

NEW B. F. Goodrich PASSENGER TIRE

OUTWEARS PREWAR TIRES!

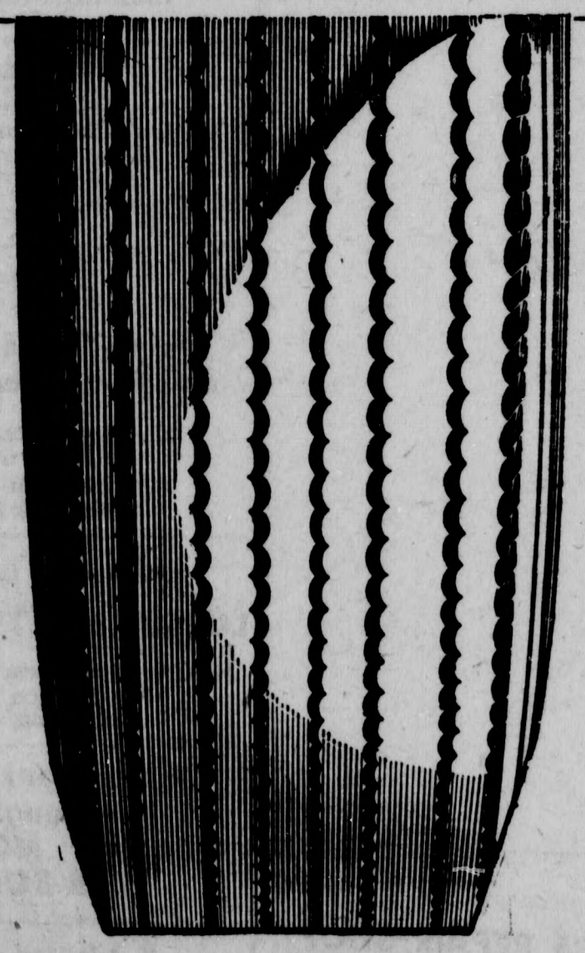
New Passenger Car Tire with Safer-driving, Longer-mileage features

New, better Synthetic Rubber

Developed by B.F.Goodrich—it's far better than ordinary synthetic rubber. Helps the new tire run cooler, wear better. It resists cracking, bruising and damage from accidents better too.

New, "Road Level" Tread

35% stronger tire body makes possible tread with a flatter contour—its whole width touches the road. More rubber on the road to share the wear—*evenly*. The tread design has hundreds of skid-resisting curves to grip—and stop quickly!



16,800,000 Test Miles

Has more test background than *any previous* B. F. Goodrich tire. Extensive laboratory tests *plus* 16,800,000 miles of actual road tests—on taxi fleets, police cars, and the B.F.Goodrich test fleet—*proved* it outwears prewar, natural rubber tires!

3 years' EXTRA synthetic tire experience

Three full years before *any other manufacturer*, B. F. Goodrich sold tires made with synthetic rubber to American motorists. This extra store of experience shows up in extra mileage . . . extra safety . . . extra value.
